

LES TROIS 2016

AOC FRONSAC

Located just a few miles to the west of Saint Emilion and on the right bank, Fronsac has a picturesque landscape composed of woodland and hills. The sandstone and limestone composition of the soil gives the vines of Fronsac a unique resilience to hotter weather. Merlot is the dominant grape variety in Fronsac, and is regularly paired with Cabernet Franc. Additionally, Malbec is added for more complexity. Fronsac has historically been well-known for its production of serious, ageworthy and great value wines.

AVERAGE AGE OF THE VINES: 30-35 years

BLEND: 81% Merlot, 11% Cabernet Franc, 4% Cabernet Sauvignon, 3% Malbec, 1% Carménère

SOIL: Chalky - clayous
